Rest, assured

There's nowhere more comfortable than your own home.

It's the place where you can look forward to raising a family, spending time with friends and making memories for years to come.

However, thinking about your future doesn't stop here. Whatever you have planned for your home, you need the confidence you can keep looking forward, even through difficult times.

If you have an accident or are ill and unable to work, MortgageSafe will pay lump sums of money to help with your monthly mortgage payments, so you can go on enjoying your home while you get better.

For every moment, there's  **MetLife**

MortgageSafe at a glance

MortgageSafe is simple, affordable, and easy to buy.

It's flexible too. There are 3 levels of cover to choose from, so you can find the right level for you depending on your lifestyle, health and the size of your monthly mortgage repayment.

- If you're unable to work, due to accident or illness, we'll pay a lump sum of money monthly - either to you or directly to your mortgage lender, to help with the mortgage payments.
- Core accident only cover available with no medical questions.
- Extended accident and illness cover options subject to a simplified set of medical questions.
- Premiums refunded during any claim period, so you're not out of pocket.
- Optional Child Cover available to add to the policy for an additional cost. This isn't linked to your mortgage and is there to help families better cope with any unexpected financial burdens and to help support you through disruption to normal life as a result of your child being unwell.

There are

19.1 million

families in the UK¹

137 million

working days are lost every year due to illness²

4.9 million

self-employed in 2019³

Flexible cover options

MortgageSafe offers 3 levels of cover to choose from, depending on your needs.

| | |
|--------------------|--|
| Core | <ul style="list-style-type: none"> Accident only cover 4 week waiting period 12 month benefit payment period No health questions asked |
| Essential12 | <ul style="list-style-type: none"> Accident & illness cover 4 week waiting period 12 month benefit payment period Health questions asked |
| Essential24 | <ul style="list-style-type: none"> Accident & illness cover 4 week waiting period 24 month benefit payment period Health questions asked |

Our Core Cover option is accident only cover, so we won't ask you any medical history questions.

Essential12 and Essential24 cover options adopt a quick and easy approach to reviewing your medical history. All our questions focus on significant or recent medical conditions only. We won't ask you any questions about your family history.

If you need to claim, Core and Essential12 will pay for up to 12 months. Essential24 will pay for up to 24 months.

Each level of cover has a 4 week waiting period, meaning you must be unable to work for 4 or more weeks to receive the first payment. However, you can submit your claim in advance if you know you'll be unable to work, and we'll make benefit payments to cover you from the first day you were unable to work.

How it works

- 1.** You can take out a MortgageSafe policy during your mortgage application process, or at any time. You can cover part or all of your monthly mortgage repayment amount - up to a maximum of £1,500 per month. Your adviser can discuss your needs with you and help you do this.

- 2.** Once you've agreed the level of cover which is right for you, your adviser will confirm your premium and coverage agreed and complete your digital application.

- 3.** If you have an accident or are ill and expect to be unable to work for 4 weeks or more, contact our claims team on **0800 917 0100**.

- 4.** Our expert claims team aim to assess your claim within 5 working days.

- 5.** Once accepted, we'll pay lump sums of money to help cover your mortgage costs during the period you are unable to work. We can also send the payment directly to your mortgage lender – whichever is most convenient for you.

How we calculate the premium

There are several factors that affect the premium we charge for a MortgageSafe policy.

These are:

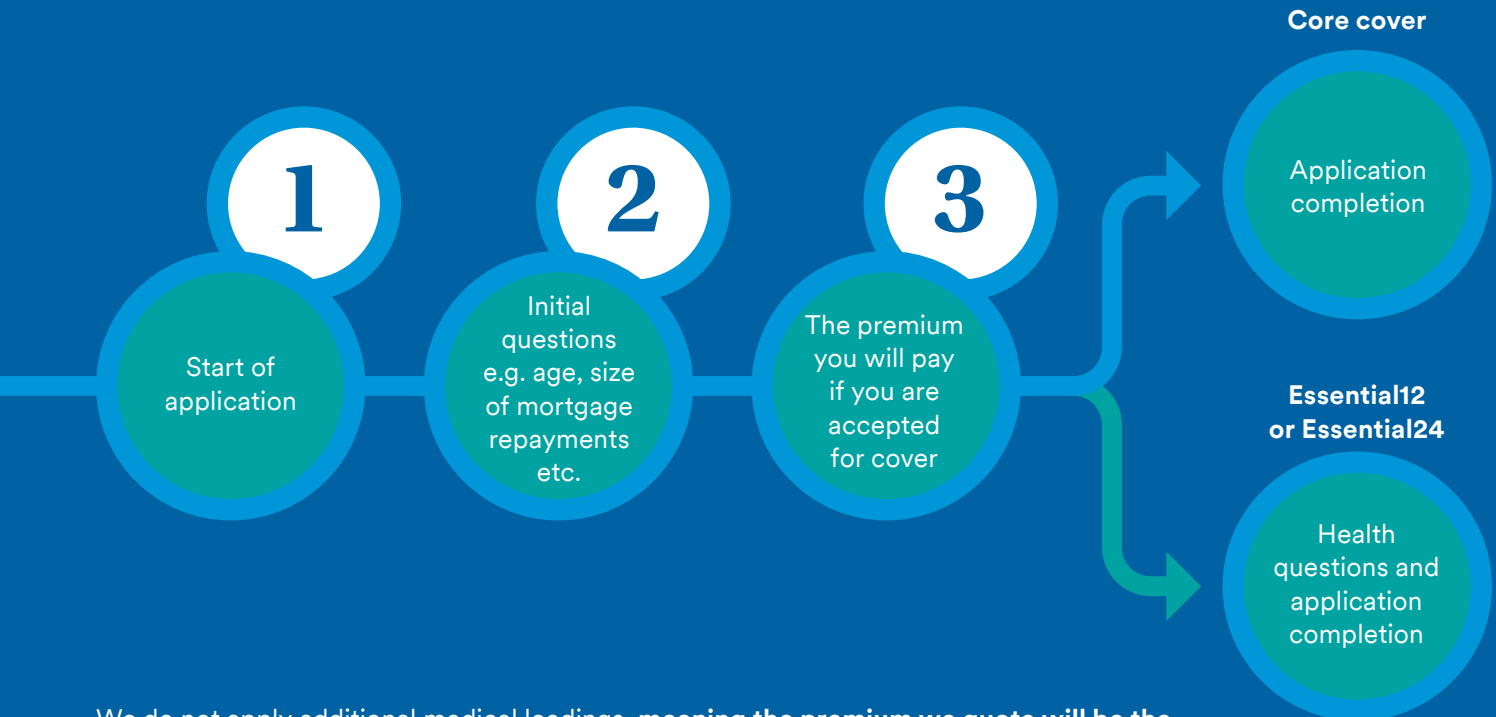

- Age (18 to 59 as at last birthday);
- Smoker status;
- Level of cover (Core, Essential12 or Essential24);
- Amount of cover (£200 to £1,500 per month);
- Occupation;
- Term of the policy (up to 40 years and no later than 70th birthday);
- Body Mass Index ('BMI'); and
- Optional Child Cover (additional £3 per month).

When applying for Essential12 or Essential24 cover, a number of health questions will be asked before determining whether we can offer cover or not.

If we offer cover, we may do so with one or more exclusions to the cover.

How the application process works

We do not apply additional medical loadings, **meaning the premium we quote will be the amount to pay**, if we are happy to offer you cover (subject to the information provided by you being accurate).

Optional Child Cover

Families can choose to add Optional Child Cover onto their policy for an additional £3 per month.

It isn't linked to your mortgage. It's simply there to help families get back on track and manage any unexpected costs associated with child accidents and illness.

This cover provides a lump sum of money directly to you, to help support you through disruption to normal life if any one of your children is unlucky enough to break a bone, spend time in hospital or be diagnosed with cancer - *excluding less advanced cases**. It provides protection for all eligible children aged 6 months to 18 years, or up to 23 years if your child is in full-time education.

It can be selected and removed from the policy at any time after the policy start date.

This table explains the benefits payable if your child is unwell and you need to make a claim.

| | |
|--|-------------|
| Broken bones | |
| Major (arm, ankle, back, cranium, hip, leg, mandible, neck, pelvis, shoulder or wrist) | £500 |
| Minor (any other) excluding the nose | £100 |
| Hospitalisation (per 24 hour period) as a result of accident or illness | |
| Hospital admission due to illness after cover has been held for 12 months | £50 per day |
| Cancer - <i>excluding less advanced cases</i> | |
| Lump sum per valid diagnosis, per child | £10,000 |

* In line with the ABI's Guide to Minimum Standards for Critical Illness Cover, we do not cover cases of cancer that are less advanced. Please see the policy terms and conditions for full details of the cancer types that are not covered.

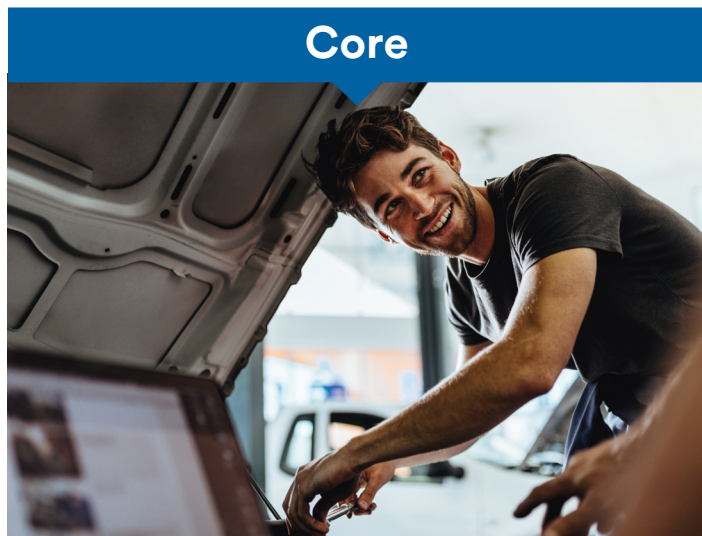

Cover options to suit your needs

There are a range of options and cover levels to keep MortgageSafe affordable, so you can focus on the future, rather than your finances. All levels of cover are available for employed and self-employed individuals.

Learn more here with some examples, and understand what level of cover might suit your needs.

These are fictional examples for indicative purposes only.
