

For every moment, there's MetLife

## ChildShield is here to help you

It's been designed to protect children from birth, right up to the age of 22.

It's a standalone product that can complement existing policies or be taken out on its own. And because it's unique, it can provide protection no other policy can.

It's there to simply and effectively protect your children when the unexpected happens – such as accidents and some serious conditions.

And as a parent, it gives you the peace of mind that you can be there when it matters – the moment they need you.

ChildShield Plus -£11 per month

#### Despite our best efforts, accidents happen.

Whether it's in the home or garden, in the park, whilst out and about, or playing sport - it's just part of life. And while we hate the thought of illnesses affecting our children, the truth is these can occur at any time, too.

To the right, you'll see the accidents and illnesses that ChildShield can protect your children for. What's more, there's no limit on the number of children covered or claims you can make under the same, single policy.

Choose from two levels of cover:

- ChildShield Standard £6 per month
- ChildShield Plus -£11 per month

The coverage is the same, except ChildShield Plus pays double the benefit, at less than twice the cost.

Minor broken bone	£100	£200
Major broken bone	£300	£600

# Focus on what really matters

#### Plan for the unexpected

None of us like to think about our children being ill, needing emotional support or having accidents at any age. But it's important we plan for those unexpected moments.

### Boost your family's wellbeing

ChildShield doesn't just provide 24/7 protection for those unexpected moments, but also gives you and your children access to our Wellbeing Support Centre provided by Health Assured, the UK and Ireland's largest wellbeing support provider.

Benefit from counsellors with 'in the moment' support, legal advisers, and nurses – all of whom can help navigate and support with life's challenges. This too is available all year round, 24 hours a day.

#### **Enjoy virtual GP access**

You and your family will also get access to our virtual GP appointment service, GP24, provided by HealthHero.

GP24 allows you to book an appointment with registered GPs 24 hours a day, every day of the year, anywhere in the world, for no extra cost.

ChildShield is only available through your adviser.

They'll be able to answer any questions you have and get you started as quickly as possible.

ChildShield has been designed to provide valuable protection for your children if they have an accident or illness, and peace of mind for you. That's why there is no medical underwriting required.

Applying for cover is straightforward, and most policies will be active immediately, including access to the additional services including the Wellbeing Hub and GP24.

At MetLife UK, we pride ourselves on how quickly we pay out to customers. We typically pay valid claims within five working days, leaving you to focus on looking after your children.

Every claim matters, every time.

In 2023, we paid 6,282 claims for child accidents and illnesses\*
