Policy Terms and Conditions

Please take the time to read this document as it explains how **your policy** works. If **you** do not understand any part, **you** should contact **your** adviser, or **you** can contact **us** on **0800 917 0100** or **01273 872 456** and **we** will explain the details further.

Any words in bold can be found in the section labelled 'Definitions' with an explanation of what they mean for the purpose of this **policy**.

Your policy

Your policy is formed of these terms and conditions, **your Policy Schedule**, **our Privacy Notice**, any **endorsements** to **your policy**, **your** application and any other statements made by **you** to **us**.

We are MetLife Europe d.a.c. (UK Branch), One Canada Square, Canary Wharf, London E14 5AA, a registered Life Insurer, regulated by the Central Bank of Ireland, the Prudential Regulation Authority and the Financial Conduct Authority. **We** will pay **you** the **policy** benefits in accordance with and subject to the terms and conditions of this **policy**. These are described below. In particular, **you** should pay attention to sections entitled, 'What's not covered', 'General exclusions', 'Making a claim and payment of policy benefit' and 'Definitions'.

Your Policy Schedule states how many **units you** have selected, and the **policy** benefit amounts payable in total if an **insured person** suffers an **insured event** during the term of the **policy**. **Your Policy Schedule** will also state the details of any optional cover **you** have selected. **We** have sold Individual Protection policies under the names Accident Protection, MultiProtect and EverydayProtect. The maximum total number of **units** of cover **you** can have across these policies is five. If **you** have taken out more than five **units** of cover, **we** have the right to cancel **your policy(ies)** or reduce **your units** of cover to five at any time. In the event of a claim, the maximum benefit payable will be based on five **units** of cover. Any overpaid premiums will be refunded.

Eligibility

You may take out this **policy** if **you** are aged 18 or above, up to **your** 65th birthday, and **you** are a **UK resident**.

Commencement and termination of the policy

The cover provided by the **policy** commences on the **policy start date** and will continue until the earliest of the following, upon which the **policy** terminates:

- **you** reach **your** 75th birthday;
- payment of **policy** benefit to **you** for **total permanent disablement - unable to look after yourself ever again**;
- **you** cease to be a **UK resident**;
- **you** die;
- **you** stop paying the **premium**.

Core Cover

Subject to the **policy** exclusions, **we** will pay the **policy** benefits shown in **your Policy Schedule** in respect of the **insured events** below.

If a single **accident** results in a claim for any combination of multiple **policy** benefits in respect of an **insured person**, the maximum **we** will pay will be equal to the **policy** benefit for **total permanent disablement - unable to look after yourself ever again**.

When **you** reach **your** 70th birthday, **your policy** benefits provided under Core Cover will be reduced by 50% until **you** reach **your** 75th birthday, when **your policy** will terminate, as stated in **your Policy Schedule**.

We will write to **you**, at **your** last known postal or email address, within a reasonable time before **your** 70th birthday to remind **you** that **your** Core Cover **policy** benefits will be reduced by 50%. If **you** are not happy with the reduction of **your policy** benefits, **you** have the right to cancel **your policy** (see section - Cancellation).

1. Broken bones

To help minimise disruption to normal life, **we** will pay the **policy** benefit shown in **your Policy Schedule** if, during the term of the **policy**, an **insured person** sustains **bodily injury** caused by an **accident**, which results in either a **major broken bone** or **minor broken bone**.

For rib fractures where an X-ray, magnetic resonance imaging (MRI) scan or computerised tomography (CT) scan hasn't been obtained (in accordance with advice from a medical professional that one was not required), **policy** benefit will be paid for one **minor broken bone**.

What's not covered?

- Any **major broken bone** or **minor broken bone**, as a result of osteoporosis, brittle bone disease, or other degenerative bone disorder(s)
- Stress fractures or bruised bones
- A broken nose
- Micro-fractures

The general exclusions also apply.

2. Accidental permanent injuries

We will pay the **policy** benefit shown in your **Policy Schedule** if, during the term of the **policy**, an **insured person** suffers any of the following **bodily injuries** as a result of an **accident**, which occurs within 12 months of the date of the **accident**:

- **Paralysis of limbs - total and irreversible**
- **Blindness - permanent and irreversible** in one or both eyes
- **Loss of one or more hands or feet - permanent physical severance**
- **Deafness - permanent and irreversible** in one or both ears
- **Loss of use** - of elbow, hip, shoulder, knee, ankle or wrist
- **Loss of finger or toe**
- **Loss of thumb**
- **Loss of major organ**
- **Loss of speech - total permanent and irreversible**
- **Third degree burns - covering 20% of the body's surface**

With respect to **loss of thumb**, and **loss of finger or toe**, where half or more than half of the relevant thumb, finger or toe is lost as a result of **permanent physical severance**, we will pay a proportionate amount of **policy** benefit, which is consistent with the extent of the loss in the opinion of **our** Chief Medical Officer and any medical reports, medical evidence or expert medical advice obtained by **us**.

What's not covered?

With respect to **loss of use**, we will not pay any **policy** benefit where there has been a successful reconstruction or replacement of a joint resulting in function being restored.

The general exclusions also apply.

3. Total permanent disablement - *unable to look after yourself ever again*

We will pay the **policy** benefit shown in **your Policy Schedule** if, during the term of the **policy**, an **insured person** sustains **bodily injury** caused by an **accident**, which results in the **total permanent disablement - unable to look after yourself ever again** of the **insured person** within 24 months of the date of the **accident**. The amount of **policy** benefit payable will be reduced by any other **policy** benefit already paid in respect of that **insured person** for the **accident** that caused the **total permanent disablement - unable to look after yourself ever again**.

Any **policy** benefit paid for **total permanent disablement - unable to look after yourself ever again** will bring cover under this **policy** to an end in respect of the **insured person** who has suffered **total permanent disablement - unable to look after yourself ever again** and no further **policy** benefit will be payable in respect of that **insured person**. If the **insured person** is **you**, we will cease to collect **premiums** from **you** and **your policy** will automatically terminate.

The general exclusions also apply.

4. Accidental death

We will pay the **policy** benefit shown in **your Policy Schedule** if, during the term of the **policy**, an **insured person** sustains **bodily injury** caused by an **accident**, which results in the death of the **insured person** within 12 months of the date of the **accident**. If the **insured person** is **you**, **your policy** will automatically terminate.

The general exclusions also apply.

5. Hospitalisation in the UK as a result of an accident or sickness

5.1 Accident

We will pay the **policy** benefit shown in **your Policy Schedule** if, during the term of the **policy**, an **insured person** sustains **bodily injury** caused by an **accident**, which results in an **insured person** being admitted to **hospital** as an inpatient for at least 24 hours.

5.2 Sickness (including pregnancy-related complications)

Provided **you** have held **your policy** for at least 12 months, **we** will pay the **policy** benefit shown in **your Policy Schedule** if, during the term of the **policy**, **you** are admitted to **hospital** as an inpatient for at least 24 hours caused by **sickness** (apart from pregnancy-related complications, as is set out below). In respect of an **eligible child**, if optional Child Cover has been held for at least 12 months since the **policy start date** or the date on which **we** accept inclusion of optional Child Cover (if added later), **policy** benefit for hospitalisation due to **sickness** will be payable. **Policy** benefit will be paid once the 12 month anniversary has been reached and is not payable for any time spent in **hospital** prior to the 12 month anniversary.

Policy benefit for hospitalisation due to pregnancy-related complications will be paid if an **insured person** is admitted to **hospital** as an inpatient for at least four complete and uninterrupted days (a day is a period of 24 hours). **Policy** benefit will only be paid from day five onwards.

Pregnancy-related complications include childbirth, abortion, pregnancy or pregnancy-related conditions. Pregnancy-related conditions include, but are not limited to, miscarriage, ectopic pregnancy and placenta praevia.

5.3 Duration of hospitalisation

Policy benefit for hospitalisation is only paid for each complete and uninterrupted 24 hour period (a day), up to a maximum of 90 days per **accident** or **sickness**. Days of hospitalisation that are less than 24 hours will not be paid.

If an **insured person** is admitted to **hospital** as an inpatient as a result of an **accident** or **sickness** for a period of at least 24 hours, and is then admitted again due to the same or directly related **accident** or **sickness**, this is considered to be a continuation of a previous **hospital** admittance in calculating the maximum **policy** benefit of 90 days.

Hospitalisation as a result of a voluntary organ donation by an **insured person** to one of their parents, siblings (including legally adopted siblings and step-siblings) or children (including legally adopted children and step-children), is covered from the **policy start date**.

What's not covered?

- Hospitalisation resulting from **optional surgery** (other than voluntary organ donation as described above)
- Hospitalisation in a non-UK hospital

The general exclusions also apply.

6. Non-accidental death

We will pay a **policy** benefit if **you** die from any non-**accidental** cause during the term of the **policy**. The **policy** benefit will increase during the first five years as shown in **your Policy Schedule**. If death occurs less than 12 months from the **policy start date**, the **policy** benefit will be a refund of the total premiums already paid under the **policy**.

Payment of non-**accidental** death benefit automatically terminates the **policy**.

What's not covered?

- **We** will not pay non-**accidental** death benefit in respect of **eligible children**.

The general exclusions also apply.

Optional Cover

If selected by **you**, as shown in **your Policy Schedule**, **we** will pay the following **policy** benefits in the event of any of these **insured events** occurring during the term of the **policy**:

1. Child Cover (optional)

If, during the term of the **policy** an **eligible child** suffers an **insured event** or is diagnosed with **cancer - excluding less advanced cases**, **we** will pay the **policy** benefit shown in **your Policy Schedule**, in order to support **you** through the disruption to normal life.

In respect of an **eligible child**, the maximum number of **units** of cover is ten, across all Accident Protection, MultiProtect and EverydayProtect policies provided by **us** and taken out by **you** and/or **your** spouse or partner who **you** live with. Any **policy** benefit payable will be limited to that maximum. The number of **units** in respect of an **eligible child** must equal the number of **units** covered by **you**.

Child Cover can be added at any time after the **policy start date**. To add Child Cover, **you** should contact **us**. **We** will issue **you** with an **endorsement** to the **policy** to add the cover.

Cover for an **eligible child** starts on the **policy start date** or the date on which **we** accept inclusion of the optional Child Cover (if added later), and will continue until the earliest of the following:

- the **eligible child's** 18th birthday, or 23rd birthday if in education, an unpaid traineeship/apprenticeship or with dependency on **you** due to mental and/or physical disability;
- payment of **policy** benefit for **total permanent disablement - unable to look after yourself ever again** in respect of **you** or the **eligible child**;
- **you** or the **eligible child** ceasing to be a **UK resident**;
- **your** 75th birthday;
- **your** death; or the **eligible child's** death;
- **you** cancelling Child Cover; or
- non-payment of the **premium**.

You must notify **us** promptly by telephone and/or in writing if, during the term of the **policy**, an **eligible child**:

1. attains the age of 18, or 23 if in education, an unpaid traineeship/apprenticeship or with dependency on **you** due to mental and/or physical disability;
2. ceases to be a **UK resident**;

Policy benefit for hospitalisation of the **eligible child** due to **sickness** will not be payable during the first 12 months from the **policy start date** or the date on which **we** accept inclusion of Child Cover (if added later). The general exclusions also apply. **Eligible children** are not covered under Active Lifestyle Cover or Specialist Healthcare Cover.

2. Active Lifestyle Cover (optional)

At the point of taking out **your policy** you can select Active Lifestyle Cover. **You** cannot select this cover after the **policy start date**. The number of **units** for Active Lifestyle Cover must equal the number of **units you** have under **your policy**.

If **you** select Active Lifestyle Cover, **we** will pay the **policy** benefit shown in **your Policy Schedule** in any given **policy year** to help **you** get back on track in the event of **you** sustaining **bodily injury** caused by an **accident**, which results in:

- a **dislocation**; and/or
- either a **tendon rupture** or a **ligament tear**.

In each **policy year** you can only make one claim for the **policy** benefits shown above. So, for example, **you** will only be covered for one **dislocation** and one **tendon rupture** or **ligament tear**. The table below states the **policy** benefit payable for different types of **ligament tear**.

We will write to **you**, at **your** last known postal or email address, within a reasonable time before **your** 70th birthday, to remind **you** that **your** Active Lifestyle Cover **policy** benefits will be reduced by 50%. The number of **units** for Specialist Healthcare Cover must equal the number of **units** **you** have under **your policy**.

To help support **you** through the disruption to normal life, **you** can make a claim under Specialist Healthcare Cover during the term of the **policy** and for up to three years after the date **you** cease to be a **healthcare worker** if **you** have been diagnosed as having one of the infectious illnesses listed below.
